Mission:

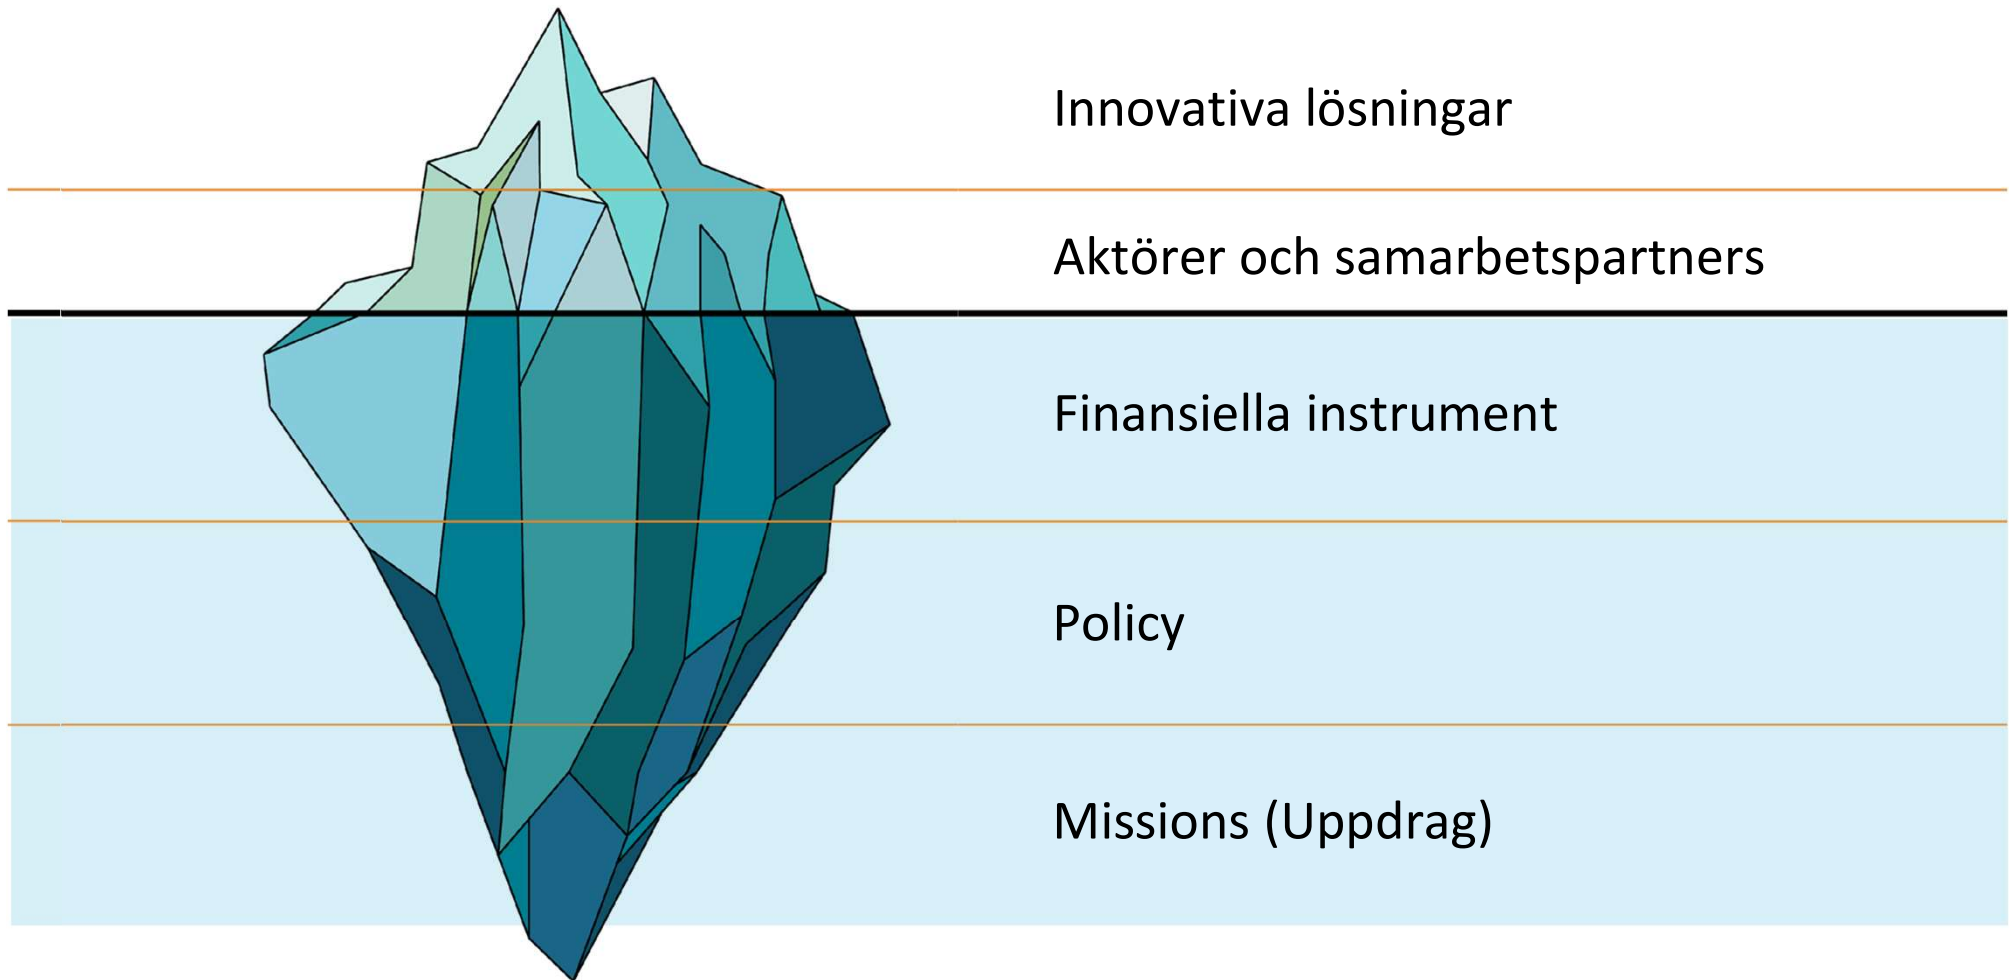

Climate-Neutral cities 2030

With a good life for all
within planetary boundaries

Transition must happen faster!
Transformative system change is needed

Transformativ innovation är som isberg

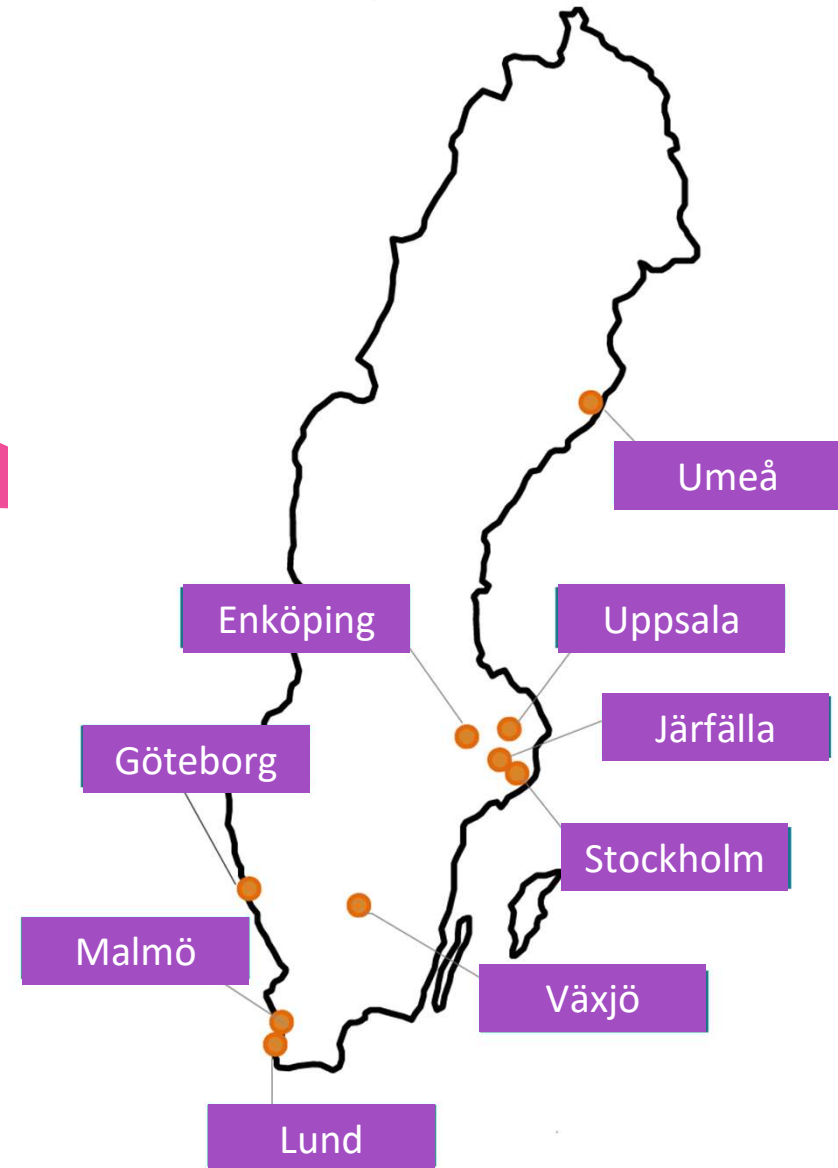

Flagship initiative: Climate-Neutral Cities 2030

Nine Swedish cities and their partners are pioneering efforts to accelerate the transition to become climate neutral

9 cities
October 2019

23 cities
October 2021

Transition Lab – the strategic backbone

Many need to make good decisions to speed up the climate transition:
municipalities, companies, authorities and citizens

That is why we work together with cities, companies,
researchers, politicians, officials, authorities and citizens.
We try our ideas, we fail, we learn and we try again.

Always with the mission in mind

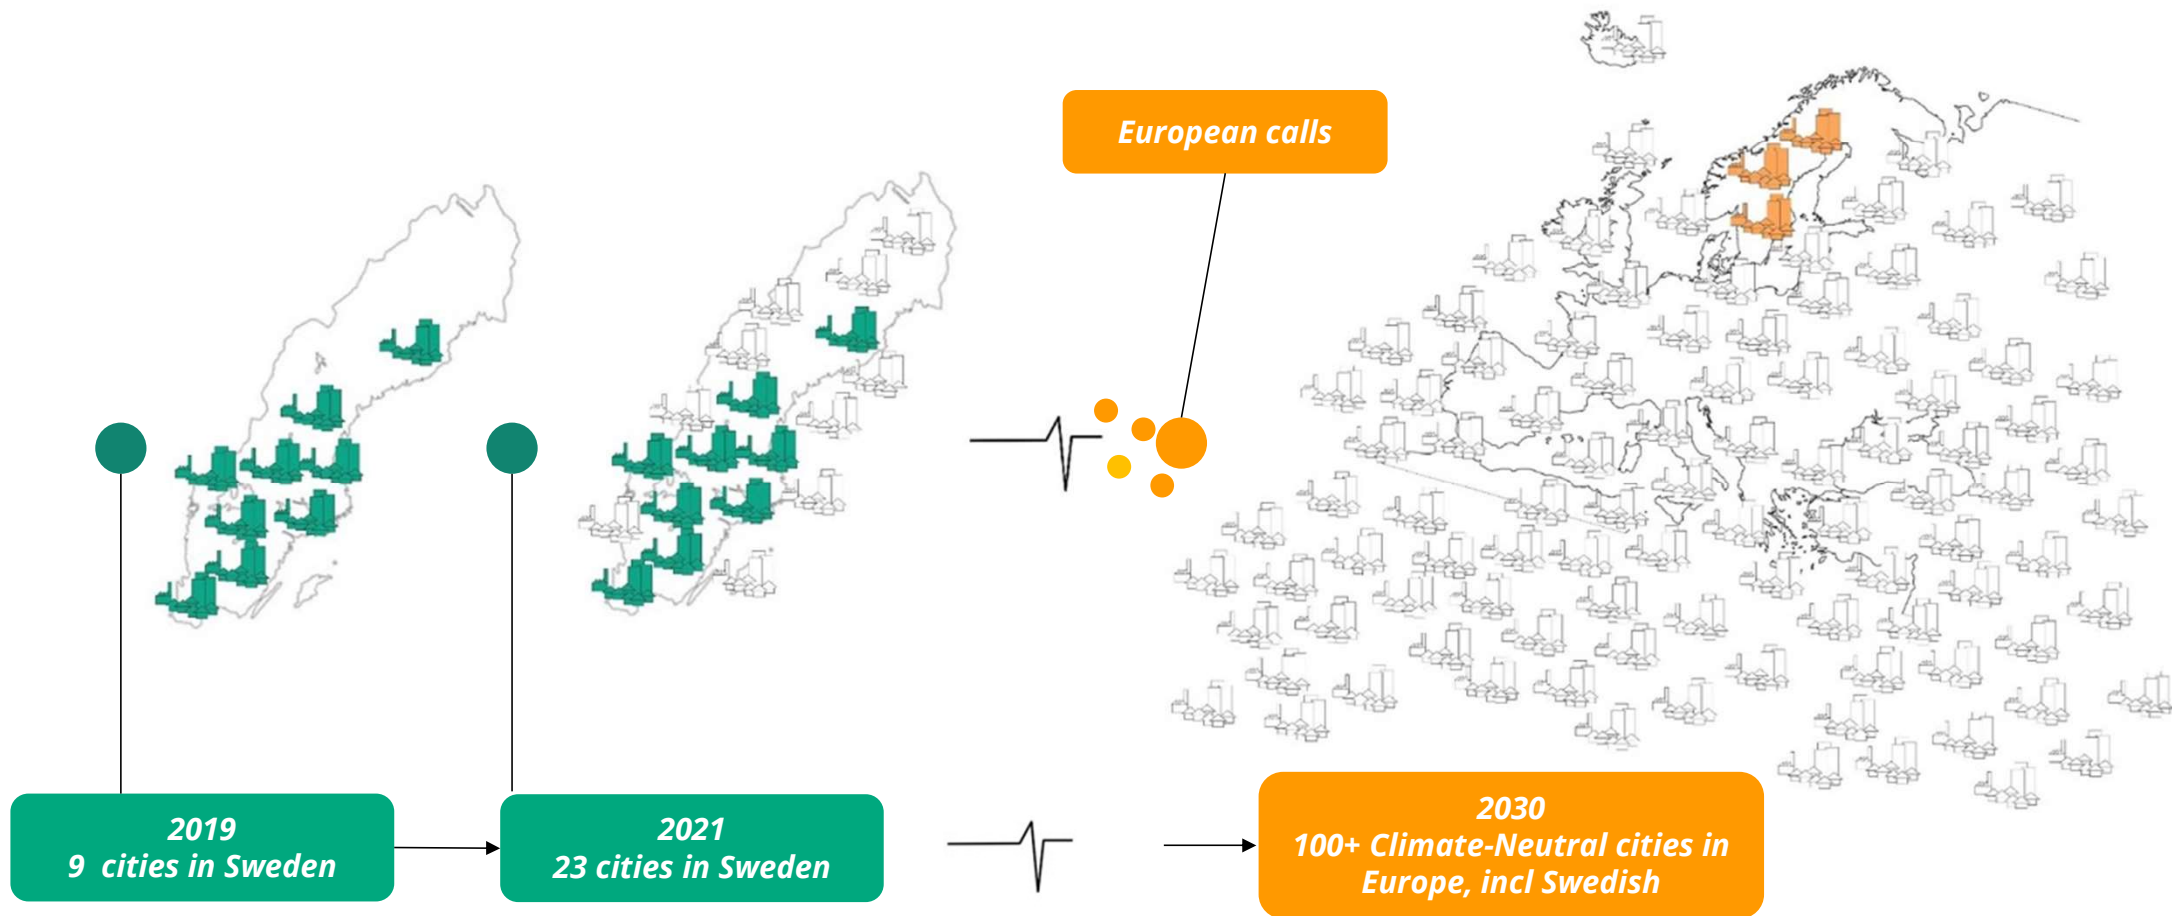

Klimatkontrakt 2030 – the Climate City Contract

- A new form of co-operation between the national level and local authorities
- Based on mutual commitments
- A new form of delivery mechanism of national support to cities
- Signed by nine City Mayors, four government agencies and Viable Cities
- Contracting process - Annual revision and update of contract
